3688 Nanhai Avenue, Nanshan District, Shenzhen, Guangdong Province, China

CONTACT: YIXINWONG1998@GMAIL.COM HOMEPAGE: YIXINWONG1998.GITHUB.IO PHONE: +86 152 1898 3737

Yixin now is an M.Sc. student from SZU, he is Friendly and Positive. Thanks for reading.

SKILLS

COMPUTER SKILLS:

- **Python** Object-Oriented Programming;
- **MATLAB** Scientific Computing and Simulation;
- **Sklearn** & **Pytorch** Machine Learning & Deep Learning programming framework;
- **Linux/Shell** programming;
- **SPSS** statistical analysis; **Latex** writing; **AutoCAD** computer aided drawing; ……
- **(Good at and willing to explore and learn new computer-aided technologies, technology enthusiasts)**

QUALIFICATIONS & CERTIFICATES: Trainee Industrial Engineer, Anonymous Reviewer of ICSI

PUBLICATIONS

JOURNAL PAPERS:

[1] Shuang Geng (*Advisor*), Xiaofu He, *Yixin Wang*, et al. "Multicriteria recommendation based on bacterial foraging optimization." ***International Journal of Intelligent Systems***, 2021. **(SCI JCR Q1)** (Link) (PDF)

EXPERIENCE & NOTABLE CONTRIBUTIONS

Optimal Design of Thermal Emitter in Thermophotovoltaic Technology

PROJECT KEY MEMBER (2021)

KEY ACCOMPLISHMENT:

- In this project, the relationship between the emission spectra and material properties of single structure and multi-structure was studied respectively, and a multi-objective optimization model was constructed for the design of thermal radiators under different emission spectrum requirements. We gave a design strategy under potential material combinations and material parameters and wrote a research report. (Brief Intro)
- **APMCM Second Prize, Postgraduate group**.

KEY WORKS:

- Leader and organization.
- Problem analysis and identification of key factors.
- Optimization model construction for single layer and multilayer structure.
- Coding, Experiments, Visualization, Report Writing.

Identification and Screening of Anti-Breast Cancer Drug Candidates

PROJECT KEY MEMBER (2021)

KEY ACCOMPLISHMENT:

- Based on the information provided for ERα antagonists (1974 compound samples, each with 729 molecular descriptor variables, 1 bioactivity data, and 5 ADMET property data), **quantitative prediction model** for compound bioactivity and **categorical prediction model** for ADMET properties were constructed to provide prediction services for simultaneous optimization of ERα antagonists' bioactivity and ADMET properties. (Brief Intro)
- **"HUAWEI CUP" Third Prize, Postgraduate group.**

KEY WORKS:

- Leader and organization.
- Problem analysis and identification of key factors.
- Data preprocessing, Machine learning model construction.
- Coding, Experiments, Visualization, Report Writing.

Adjunct Lecturer for College of Continuing Education, SZU

E-COMMERCE SIMULATION PRACTICE (SPRING 2022)

BASIC C PROGRAMMING (SPRING 2021)

KEY ACCOMPLISHMENT:

- Teaching about E-Commerce fundamentals, E-commerce platforms and their development, Logistics, Marketing.
- Teaching about programming basic and development process, sequential architecture programming, selecting structure programming, loop structure programming, modular programming.
- Received positive evaluations from students.

Teaching & Research Assistant

COLLEGE OF MANAGEMENT, GRADUATE STUDENT ADMINISTRATIVE ASSISTANT (2021 ~ PRESENT)

GREATER BAY AREA INTERNATIONAL INSTITUTE FOR INNOVATION, RESEARCH ASSISTANT (2021 ~ PRESENT)

DEPARTMENT OF INDUSTRIAL ENGINEERING, LAB ASSISTANT (2017.09 ~ 2019.03)

KEY WORKS:

- Assistance in research experiments; Assistance and arrangement of teaching and research activities; Promotion, Publicity; Word processing jobs; Events assistance, et al.
- Received positive evaluations from teachers and awarded Outstanding Student Leader.

Selected Honors

- **Excellent Postgraduate Scholarship, Second Prize by SZU (2021)**
- **DGUT Outstanding Graduate (2020)**
- **National Encouragement Scholarship, by Ministry of Education (2017, 2018, 2019)**
- **The KangHua Scholarship, by DGUT (2019)**
- **The GuangDa Scholarship, by DGUT (2018)**
- **Excellent Undergraduate Scholarship, First Prize by DGUT (2017)**
- **Advanced Outstanding Student, by DGUT (2017)**

Miscellaneous

Look forward to communicating with you further~😁

Thank you for checking my resume~😁
